ing in restraint of trade is not wholly vold.

In his review of the case Chancellor Henderson said:

"Under the facts in this case, the defendant knew plaintiff was here at Hot Springs training its men for the opening day. He came to Hot Springs to procure some of the players of plaintiff and offered them over one thousand dollars in advance of their contract price with the plaintiff to breach their contracts with plaintiff and hire to his company. He was bound to know it would work a great injury to the plaintiff. I can see no purpose of the defendant except to employ plaintiff's players and 'thereby deprive him of entering the baseball games as a competitor and by reason thereof defendant's company would greatly benefit financially. JEWETT CITY ON THE BASEBALL MAP AGAIN.

Borough Will Have Good Team-Strong Financial Backing.

Manager Benjamin wishes to notify the managers of the leading baseball teams in this section not to be in any great hurry to place their order for the pennant, or championship which so many are already claiming as he has signed Jewett City's "best" and that ought to satisfy everyone, especially the fans who found it necessary to travel to New London in order to get the brand of the great national game to which they are accustomed.

The pick of the borough's last season's teams; also the Jewett City boys

After Saturday's practice Mgr. Ben-jamin spoke as follows: When any of the several teams which represented Jewett City last season could meet and defeat the teams of Eastern Connecticut what chance will these same teams stand against the team I have chosen to represent the borough? I have accomplished what many have claimed impossible, i. e., signed for one team the best players in town."

He was asked if he could procure the financial backing necessary to keep such a fast team together all season; fortify himself against the inroads of other managers who want good players and are willing to pay highly for

He replied: "I have arranged a series of first-class; entertainments also a fund will be raised by popular the attendance which this town fur-nishes first-class baseball will put me on easy street. My team is faster than the pennant winners of several years ago and look at the large crowds they ago and look at the large crowds they drew. Everything points to a successful season despite all reports to the contrary the following men will wear a brand new Jewett City uniform this season: catchers, Sharkey, Gradwell; Pitchers, Raney, Brickley; first base, McCarthy; second base Barry; short stop, Ricux; third base, McArthur.

The outfield positions are as yet not settled but the assurance is given that it will compare in every way with the it will compare in every way with the infield and battery squad. It will be several weeks before the grounds will be in first class shape so the first few games will be played away from home. RESERVE CLAUSE.

Federal Officers Hold It Illegal Decks were cleared in the United States District Court Saturday for the first real legal battle between organized baseball and the Federal League William F. Killifer, the catcher, who began his baseball career with Michigan teams and worked his way to the majors, was the storm center. The question for the court to decide was whether Killifer is the property of the Chicago team of the Federal League or belongs to the Philadelphia. Last season Killifer was with Phila-delphia. During the past winter he signed a Federal League contract; then he renounced the independent organization and signed a new con-tract with the Philadelphia Club. As a result, the Federal League started injunction proceedings, in the United States District Court to restrain Killifer from playing with Philadelphia. The petition also asks that Killifer be declared the property of the Chicago Federals.

reserve clause, sometimes termed the bulwark of organized baseball, may not be attacked by the at-torneys for the petitioning club, al-though officials of the Federal League have held the clause to be illegal.

One had it that Seaton would join the Tip Tops, while another was going the rounds that the Quaker hurler would remain with the Chicago Feds and that Brooklyn would be given several players in exchange for him. It was said that Seaton would pos-sibly be turned over to the Brookfeds in acordance with the promise made Ward when he entered the league. The Tip Tops do not need any more players, unless they are pitchers, as they already have an abundance of infielders and outfielders. What Bradley needs is a few good reliable

NO TANGOING IN YALE MEN. Captain Blossom Puts Ban on Dancing.

The Yale baseball team met at the Taft to listen to the last instructions given to th squad before it leaves for its southern trip on Wednesday.

In view of the fact that six members of the squad were sent home last year within the first few days of landing at Norfolk because of an infringeing at Norfolk, because of an infringement of training rules, it has been deemed advisable to let the new men on the team know that only hard work will be indulged in while the squad is below the Mason and Dixon line. No man will acompany the team unless he has given up all hopes of evening tangoes and afternoon teas.

"Johnny" Blosom is a sticker for discipline. Time and time again has he declared: "I prefer any day a

well disciplined team to a champtonship squad that does not know how to follow orders." So in order to forestall any pleas that such and such a thing was not known to be a violation of the train-ing rules, while the team is south, a clear adict of what the men are ex-

pected to do after leaving New Haven will be issued.
